

NEW - PACERS FOR HALF & FULL

We are thrilled to offer pacers for the first time at the 2018 Catholic Health Services Suffolk County Marathon! Our brand-new pacing program has been made possible in conjunction with the Sayville Running Company.

Pacers will be available for both the half marathon and full marathon distances. Half marathon pace groups will vary in goal finish times from 1:30 to 3:00. Full marathon pace groups will vary in goal finish times of 3:15 to 5:00.

We are excited to offer this as a race perk to all registrants and believe our pacers can help you on your way to your next personal best!
